## Introduction

These instructions are for the teacher(s)/examiner(s) who are responsible for conducting and assessing the Cambridge IGCSE Spanish speaking tests at your centre. In these instructions we use the word 'you' to refer to the teacher/examiner conducting the speaking tests.

### The purpose of the speaking test

The purpose of the speaking test is to assess candidates' spoken performance in Cambridge IGCSE Spanish.

To achieve this it is important to:

- create a supportive atmosphere and encourage each candidate to speak
- follow all of the instructions
- conduct each test using the questions and prompts exactly as they are printed in the teacher/examiner scripts provided in this booklet
- record the speaking tests of **all** candidates.

### Structure of the speaking test

The structure is as follows:

| Task                    | Duration                 | Task focus                                                                                                                    |
|-------------------------|--------------------------|-------------------------------------------------------------------------------------------------------------------------------|
| Preparation time        | 10 minutes               |                                                                                                                               |
| Greeting (non-assessed) | approximately 30 seconds |                                                                                                                               |
| Role play               | approximately 2 minutes  | Candidates respond to transactional questions to, for example, accomplish a task or obtain goods/services.                    |
| Topic conversation 1    | 4 minutes                | Candidates respond to questions on one specific sub-topic from Topic Area A or B to share views, opinions and experiences.    |
| Topic conversation 2    | 4 minutes                | Candidates respond to questions on one specific sub-topic from Topic Area C, D or E to share views, opinions and experiences. |

The test does not need to last exactly 10 minutes. For example:

- if the role play lasts less than 2 minutes, you do **not** need to add extra questions
- if the role play lasts more than 2 minutes, do **not** reduce the time allocated to the topic conversations
- if the topic conversation lasts 3½ minutes or less, even after asking extension questions, you **must** ask up to **two** further questions of your choice on the **same** topic as the other questions to make sure that the conversation lasts 4 minutes.

## Preparation in advance of the speaking test

Before starting the speaking tests at the centre, you must:

- read these instructions, including the mark schemes, carefully before conducting your first test
- read the guidance in the *Cambridge Handbook* about the conduct of non-coursework speaking tests
- study the scripts for both the role play and topic conversations
- make sure that there are two separate rooms available: one room where candidates prepare for the test (this will be the preparation room) and one room where candidates take the test (this will be the examination room)
- check that the recording equipment is working properly
- write the syllabus number, centre number and your name on the working mark sheet. Complete the boxes at the top of the working mark sheet with the correct details about your centre and the exam.

You must **NOT** share the role plays or the topics of the topic conversations with candidates before their test.

You must **NOT** share the topics of the topic conversations with the candidates during their preparation time.

**Note:** if more than one teacher/examiner is marking the Cambridge IGCSE Spanish speaking tests at the centre, you must all agree the approach and standard of marking before conducting the first test. Please read the factsheet about internal moderation, which can be found on the samples database at [www.cambridgeinternational.org/samples](http://www.cambridgeinternational.org/samples)

## On the day of the speaking test

### Before each candidate's test

You must:

- select a candidate card using the randomisation instructions on page 14
- give the candidate card to the candidate in the preparation room
- tell the candidate that they have 10 minutes to prepare
- tell the candidate they must **not** write anything during the preparation time
- make sure that the candidate is supervised under exam conditions during the preparation time. Note that the exam conditions must be maintained until the test is complete
- find the correct role play questions and topic conversation scripts in this instruction booklet for the candidate you are about to examine
- write the candidate's name, their candidate number, the candidate card number and topic conversation numbers on the working mark sheet.

### During each candidate's test

- 1 At the start of the test, press 'record' on the recording equipment. **Do not stop or pause the recording at any point during the test.**

- 2 Say your name, the candidate's name, their candidate number, the candidate card number and the date. For example:

Teacher/examiner name: *Mr John Smith*

Candidate number: *0031*

Candidate name: *Anita Cheng*

Candidate card number: *3*

Date: *[the date on which the test is conducted]*

- 3 Start the timer or look at a clock to note the start time of the test. (You should monitor the timing for each part of the test (role play: approximately 2 minutes, topic conversation 1: 4 minutes and topic conversation 2: 4 minutes); you may want to restart the timer for each part.)

**From this point onwards, all parts of the test must be conducted in Spanish.**

### Role play

- 4 Greet the candidate using the prompts provided. This is **not** assessed.
- 5 Set the scene for the role play by reading out the role play scenario **exactly as it is printed** in this instruction booklet.
- 6 Ask the first role play question **exactly as it is printed**. If there are two parts to the question (e.g. 'When ...? Why?'), you should pause and wait for the answer to the first part before asking the second part.  
Note: You **can** repeat any role play question if the candidate has not understood or did not hear but you **must not rephrase any** of the role play questions. If the candidate still cannot answer one of the questions after you have repeated it, move on to the next task.
- 7 Listen to the candidate's answer.
- 8 Assess the candidate's answer using the role play mark scheme on page 10 and write down the mark on the working mark sheet (WMS). When you are awarding marks, start at the bottom band and work upwards. Find the band which best fits the candidate's response. Then award the mark for that band. The purpose of the role play is to communicate an appropriate response to each task. A short response to a task, if it communicates fully and is correct, is worth 2 marks.
- 9 Repeat the process described above in points 6–8 for each role play question, until you have asked **all** of the role play questions.
- 10 When the role play is complete, tell the candidate that the role play has finished and that it is time to start the topic conversations.

**Remember, you cannot stop or pause the recording during a test.**

**Topic conversation 1**

- 11 Go to the correct topic conversation in this instruction booklet.
- 12 Say to the candidate in Spanish: 'First we are going to talk about [name of the first topic]'.
- 13 Ask each question **exactly as it is printed**. You must ask **all five** questions in the order shown. If there are two parts to the question (e.g. 'When ...? Why?'), you should pause and wait for the answer to the first part before asking the second part.
- 14 Listen carefully to and acknowledge the candidate's answer to each question.
- 15 If the candidate does not answer a question, or answers very briefly and you think that they could give a fuller response, follow the instructions in the table below. You can encourage fuller responses by asking extension questions such as 'Tell me more about ...', 'What else can you tell me about ...?', 'Is there anything else you want to say about ...?'.

### Topic conversation 2

- 16 Go to the correct topic conversation in this instruction booklet.
- 17 Say to the candidate in Spanish: 'Now we are going to talk about [name of the second topic]'.
- 18 Ask each question **exactly as it is printed**. You must ask **all five** questions in the order shown. If there are two parts to the question (e.g. 'When ...? Why?'), you should pause and wait for the answer to the first part before asking the second part.
- 19 Listen carefully to and acknowledge the candidate's answer to each question.

- 21 When **both** topic conversations have been completed, stop the recording. Then award a mark out of 15 for Communication and a mark out of 15 for Quality of Language using the mark schemes on pages 11–12.
- 22 Write the mark for Communication and the mark for Quality of Language on the working mark sheet (WMS).

### After each candidate's speaking test

- 23 Take the candidate card from the candidate. The candidate must **not** take the candidate card with them when they leave the examination room.
- 24 Make sure that you have completed all parts of the working mark sheet (WMS) for the candidate.
- 25 Check that the test has been recorded and can be heard clearly. If there is a problem with the recording, follow the instructions in the *Cambridge Handbook* about failed recordings.

### After completing all of the speaking tests at the centre

- Add up the marks for each candidate and write the total mark in the appropriate column on the working mark sheet (WMS). Check all additions carefully.
- If more than one teacher/examiner is marking the Cambridge IGCSE Spanish speaking tests at the centre, you must make arrangements to internally moderate all of the teachers'/examiners' marking so that all candidates are assessed to a common standard. You can find further information about the process of internal moderation on the samples database at **[www.cambridgeinternational.org/samples](http://www.cambridgeinternational.org/samples)**
- You must write the internally moderated marks for all candidates on the working mark sheet (WMS) and submit these marks to Cambridge International according to the instructions set out in the *Cambridge Handbook* and on the samples database at **[www.cambridgeinternational.org/samples](http://www.cambridgeinternational.org/samples)**
- The centre must submit a sample of candidates' speaking test recordings to Cambridge International for external moderation. Please check the requirements for the centre on the samples database at **[www.cambridgeinternational.org/samples](http://www.cambridgeinternational.org/samples)**
- Each recorded file in the sample must be clearly named using the following convention:  
  
centre number\_candidate number\_syllabus number\_component number

## Topic conversation mark schemes

When you are awarding marks, start at the bottom band and work upwards. Find the band which best fits the candidate's performance. Then use the following guidance to decide on the mark to award, where applicable:

- If the candidate's work convincingly meets the level statement, award the highest mark.
- If the candidate's work adequately meets the level statement, award the most appropriate mark in the middle of the range (where middle marks are available).
- If the candidate's work just meets the level statement, award the lowest mark.

## Communication

Examiners are reminded that this is a language qualification aimed at certifying language proficiency at level A2 with elements of B1 of the *Common European Framework of Reference for Languages: Learning, Teaching, Assessment*. The descriptors below should be understood and applied with reference to those levels.

Award a mark out of 15 for the candidate's performance in **both** topic conversations.

## Randomisation instructions

Each candidate must be allocated one of nine candidate cards. The candidate card gives information for the role play and reminds candidates that the test will contain two topic conversations. There are corresponding teacher/examiner scripts for each candidate card.

The candidate cards and topics for conversation should be allocated to candidates in sequence as shown in the table below.

- If you are conducting more than 30 tests in a day, return to the beginning of the sequence after the 30th candidate.
- If you are conducting tests on more than one day, start each new day at the beginning of the sequence.

Allocate cards and topics to candidates in sequence, as follows:

| Order of candidates | Candidate card | Topic conversation 1 | Topic conversation 2 |
|---------------------|----------------|----------------------|----------------------|
| Candidate 1         | 1              | Topic 3              | Topic 4              |
